

Uniportal VATS/RATS- live surgery symposium

Dear ladies and gentlemen,

allow us to sincerely invite you to attend the symposium **The story of Uniportal VATS/RATS: from open surgery to uniportal VATS/RATS.**

As the main lecturers and leader, our invitation has accepted by **Dr. Diego Gonzales Rivas**. Dr. Diego Gonzales Rivas is the creator of the Minimally Invasive Thoracic Surgery Unit (UCTMI) working at Quiron Hospital, San Rafael and Modelo Medical Center. Actually he works in medical hospitals at Coruña City and Shanghai Pulmonary Hospital, Shanghai (China). He is the director of the uniportal VATS training program at Shanghai Pulmonary Hospital, Monza Oncological center in Bucharest, Apollo Hospital in India and many others. Dr. Diego Gonzales Rivas is active member of the lung transplantation program. He's been pioneer surgeon in the world performing uniportal VATS lobectomies (first case in June 2010) and non-intubated uniportal major pulmonary resections (first case in April 2014).

The invitation also accepted special guest **Dr. József Furák** - Head of Thoracic Department at University of Szeged, Hungary, who has extensive experienced in non intubated surgery.

The main aim of the meeting is to obtain and exchange experience, techniques, tips and tricks about uniportal VATS/RATS.

The participation of leading experts and domestic experts in the whole issue of thoracic surgery promise a high quality of interactive symposium.

Program of this symposium will be divided to part of lectures and discussion and part of live surgery video transmission.

Information
